

Universal remote control for smartphone

350-41936

4 year
warranty

The universal remote control is used for the configuration of detectors via a smartphone app. The Niko detector tool IR app is used to define settings and configuration and the universal remote control transmits the settings and configuration from the smartphone to the detector wirelessly.

Compatible articles: 350-20056, 350-20070, 350-20078, 350-20080, 350-20082, 350-20085, 350-41600, 350-41657, 350-41659, 350-41680, 350-41750, 350-41751, 350-41752, 350-41753, 350-41760, 350-41761, 350-41762, 350-41763, 350-41780, 350-41781, 351-25050, 351-25065, 351-25340, 351-25451, 351-25457, 351-25463, 351-25467, 351-25475, 351-26450, 351-26470, 351-26480, 351-26560, 351-26562, 351-26570, 351-26572
