

# DALI link module

350-70021

4 year warranty

With this DALI link module, you can connect several DALI buses together, making it possible to control zones which are separated by folding doors, adjoining zones, or installations with more than the maximum number of 64 DALI units per bus. The module's design makes it easy to integrate into the installation, and it does not require a 230 V supply.

The module can be used with the DALI addressable masters with additional functionalities.
