

Finishing set for double speaker connection for flush mounting in trunking systems or splashproof switching materials.

101-69703

4 year warranty

Finishing set for a mechanism with two speaker connections. This central plate is suitable for flush mounting in trunking systems or in splashproof switching materials.

Technical data

Finishing set for double speaker connection for flush mounting in trunking systems or splashproof switching materials.

There are 3 PWM outputs and 1 common connection, making it possible to spread the monochrome LED strips over 3 outputs or to use 1 output for RGB LED strips.

- Protection degree: IP41 for the combination of a mechanism, central plate and faceplate
- Impact resistance: The combination of a mechanism, a central plate and a faceplate has an impact-resistance of IK06
- Marking: CE
